

APPLYING TO COLLEGE

- Your high school diploma—the OSSD—is the minimum requirement to apply.
- Many programs require ENG4C and look closely at this mark. Some programs require math. Some ask for biology, chemistry and/or physics. U-level courses in these subjects are considered ‘equivalents,’ but they are not worth more.
- **Check for specific course requirements and any additional testing requirements.**
- All Ontario college applications are made through a single website: ontariocolleges.ca. You can also research programs through this site.
- **The cost to apply is \$95.** You can choose up to 5 programs, no more than 3 at one college.
- Applications received by **February 1, 2017** are given equal consideration. After February 1, applications are processed on a first-come first-served basis.

Important Dates

College Information Fair: Thursday, October 6
