

Business, Canadian and World Studies Department Courses Offered

BEM10 - Building the Entrepreneurial Mindset

In this course, students will learn what makes an entrepreneur thrive and the skills required to succeed in today's business environment.

They will use business software and applications to help students plan and develop their entrepreneurial ideas and learn how to present them to a target audience.

They will develop and refine their project management skills, including goal setting, time management, and networking.

Students will develop skills in:

- word processing
- spreadsheets
- presentation software
- website design skills

Students will learn to master these skills by using them to complete business-oriented projects.

Take BEM10 and be prepared for high school and the future!
